

	GTIL-LABS LIMITED (RC:1464670)	Issue No:002
	QUALITY POLICY	Issue Date: 28/05/2025
		Revision No:

GTIL-LABS objective is customer Satisfaction. We are committed to providing an excellent service and have implemented a full quality assurance system. The Laboratory management will continually improve the effectiveness of the quality system within the confines of International Standard ISO/IEC 17025:2017. Our Laboratory staff are competent in observing all quality requirements to ensure consistent testing results. Our commitments are to demonstrate and to ensure the following:

- GTIL-LABS management is committed to practicing its testing works well and professionally using appropriate resources and competent personnel to achieve the quality of its works/jobs.
- GTIL-LABS will strive to provide its customers with “Just in time (JIT) quality services.
- GTIL-LABS will continually ensure the cooperation of all its laboratory personnel charged with testing activities to implement its policies and procedures.
- GTIL-LABS management will ensure 100% commitment to comply with ISO/IEC 17025:2017 International Standard and will continually improve the effectiveness of her management system.

This policy has been issued under the Laboratory Manager's authority, reflecting his commitment to quality performance.

Dr. (Mrs.) Fortune Alabi

Lab manager
